

### 2024 AEAF Scholarship Awards Announced

The Alma Education and Arts Foundation announces that it has awarded \$163,000.00 in scholarship funds to 87 Seniors from the 2024 Alma High School graduating class.

This is the largest amount given in individual scholarships since the inception of the Foundation in 2002. That year, \$8000.00 was awarded; since then, giving has mushroomed to a total of \$1,658,600.00 over the 22 year history of the Foundation. In addition to the Foundation total, this year's senior class has been awarded in excess of \$3.9 million dollars in scholarships.

Alma Seniors are encouraged to apply for Foundation Scholarships in the early spring; recipients are chosen on the basis of academic performance, community service, contributions to campus life, and financial need. Scholarship awards were announced at a ceremony on May 2. Scholarships may be applied towards tuition and other educational costs at public and private colleges and universities as well as technical and trade schools, and are unrestricted relating to chosen fields of study.

This year, individual scholarship amounts ranged from \$1000.00 to \$6000.00; funds are accrued through endowments, private and planned giving, business and civic organization contributions, and net box office proceeds from the Skokos Performing Arts Center's professional season of entertainment.

The Alma Education and Arts Foundation is governed by a 10 member board of directors.

# Congratulations Alma Seniors!
